'LINK' PUTS CHIP ON SHOULDER FOR STEVEDORE FIRM

Would Like to See Wage Figures of Every Dockman for Week or Two Produced

L. L. ("Link") McCandless, candidate for delegate, has a "chip on his shoulder" today and invites McCabe, Hamilton & Renny, the local stevedoring firm, to "knock it off."

In a recent interview with the Star-Bulletin, McCandless declared he had been informed that many local stevedores were receiving a wage averaging only about \$4.50 a week. In answer to this, the stevedoring company asserts that for 11 days prior to the strike the wages averaged between \$11.00 and \$15.60 a week. McCandless now has issued a challenge to the stevedore company to "produce some figures."

"I would like to see the company go back for a considerable period, select one or two weeks and give the average weekly wages of every man employed," says McCandless. "Say the average wages of every man who had worked on steamers for a month. Then we could see if the average was \$15 a week."

"Even if the men were making on an average of \$15 a week instead of \$4.50, as I was informed, the men who, according to the company's own statement, get 20 cents an hour would have to work 10 hours every day, including Sundays, and then some, to make the \$15."

"In making this statement about the average wages, the company has not quoted the little fellows who made probably \$2 or \$3 a week. What I quoted was the average weekly wages and the information was secured from men who ought to know."

Lace was known in Venice at an early period and was not unknown to the Greeks and the Romans.

Exports from New York, in the week ended September 9, totaled \$68,579,322.

WEEKLY PRODUCE REPORT

By A. T. LONGLEY, Marketing Superintendent.

WEEK ENDING SEPT. 29, 1916

ISSUED BY THE TERRITORIAL MARKETING DIVISION

Eggs are scarce and in good demand at high prices. Duck eggs have advanced 5c during the week. Poultry is bringing good prices at present, with the exception of Hawaiian ducks and Muscovy ducks, which are too plentiful. Importation of live poultry from the coast is not so large as formerly, due to the loss sustained by importers.

Taro and Irish potatoes are in good demand at fair prices, and now is the time to ship.

The price paid by the factories to producers for taro is very low. However, the price of potatoes remains practically the same as when taro was twice as dear, and it looks as though there might be a combination to keep the price of potatoes up.

All the changes in the prices of feeds were in the wrong direction, as far as the consumer is concerned. Every man who has stock to feed should get busy at once, and raise at least part of his feed for five weeks.

The Division's supply of onion seed is expected by the next boat. All those wishing to plant onions should get their seed as soon as possible.

VANDAL GANGS DESTROY TREES; WOMEN ACTING

Mrs. Frederick J. Lowrey, president of the Outdoor Circle, and Mrs. A. E. Murphy, one of its most active members, prepared this morning to visit Governor Pinkham and Sheriff Rose this afternoon in an effort to secure action against vandals who operated last night along Wilhelms avenue.

A number of beautiful poinciana trees, planted by Gerrit P. Wilder and looked after by members of the Outdoor Circle, were ruthlessly torn to pieces and otherwise broken down. The vandals' destruction aroused the indignation not only of members of the circle but of residents of the district in general. It is believed that a crowd of toughs, who have been infesting the neighborhood, deliberately destroyed the trees out of wanton mischief.

COHEN SIGNS UP M'GREER TROUPE FOR LOCAL HOUSE

"Bobby" McGreer, well-known in Honolulu as former manager of the Liberty theater, is to be here again shortly at the head of a theatrical company, says a San Francisco paper. The following is reprinted from it:

"Bob McGreer has been in town a few days this week signing contracts with Joe Cohen for his season in the islands. There has been some talk about who would get to take the show to Honolulu this year, as several companies have had their eyes on that spot. But Mr. Cohen held out until he finally decided which of the many companies would be the biggest drawing card, and has at last decided to sign articles with Bob to sail in about a month. The show which will go under Mr. McGreer's supervision is now playing at Joyland park, Sacramento, and will make a tour of the southern part of California to fill bookings previously signed before arranging for the islands. There will be a large cast, with a male quartet, and the company will be headed by Pearl Jardiniere and Bessie Hill, two well known favorites on this coast. Others in the notable cast include Dan Kelly, Lou Davis, Eddie Young, King Melville and two favorite comedians not yet mentioned. A chorus of fifteen girls and a musical director and scenic artist will also sail Wilkahow, Bon Voyage, Good Luck to All."
